After some laughs, the inventor sketched a rough design and even put the name "The Square Golf Ball®" on the sketch. The idea was filed away with no real pursuit. When the internet found its way into the scene, searching for all types of things became easier and easier. The inventor searched for this square golf ball item believing it must have been thought of before now. Searches went on, and finally in early 2012, after extensive and exhaustive searching, the original concept and name from 1995 came to life and the rest as they say, is history
