Customizing The Square Golf Ball®

The Square Golf Ball® is truly the perfect canvas for almost any message of photo/graphic/logo. Whatever the occasion, The Square Golf Ball® can be imprinted to identify the event, mark the special day, promote a certain cause, etc. And even better, purchases can be in a quantity as few as one. Who else offers that? And we don't elevate the price for that ability either. So get out your calendar, see who is experiencing a milestone, or reason for a celebration, and get each a Square Golf Ball® custom imprinted to make it extra special in every way. Light weight also – means no hefty postage fees if you need to mail this away. We don't think there is a better novelty item on the market, but we're slightly biased I suppose! The Square Golf Ball® was initially conceived in 1995 while discussing golf. A poor day of putting spurred a comment by the now inventor about how a square golf ball wouldn't roll past the cup. After some laughs, the inventor sketched a rough design and even put the name "The Square Golf Ball®" on the sketch. The idea was filed away with no real pursuit. When the internet found its way into the scene, searching for all types of things became easier and easier. The inventor searched for this square golf ball item believing it must have been thought of before now. Searches went on, and finally in early 2012, after extensive and exhaustive searching, the original concept and name from 1995 came to life and the rest as they say, is history.
