

THE

SQUARE

GOLF BALL®

March 7, 2014

Logos Galore

The Square Golf Ball® will soon offer an option for complete customization. We have enhanced our printer abilities, and can now imprint virtually any logo, graphic or text onto The Square Golf Ball®. So when that special occasion arrives, be it birthday, father's day, anniversary, etc. think of how cool it would be to provide that someone special with a customized keepsake. This application also works well for awards, prizes, etc. With no minimum order volume, you can now easily afford to get one or two for your special need. Customized imprint orders will be accepted starting Friday March 14, 2014. Our new printer will also custom imprint on a variety of items, such as traditional/regular golf balls. Again – no minimums – full color processing with logos and/or text. Our printer is also capable of other imprints on items like golf tees, guitar picks, dog tags, poker chips, and many many more smaller items. While other outlets can also print to these items, we are one of only a few who have a no-minimum policy. The Square Golf Ball® now presents even more possibilities as a gift or memento. Let your creativity become reality, proudly displayed on The Square Golf Ball®.
