Gifts & Awards

The Square Golf Ball® makes for the most unique and impressive gift, prize or award ever. Ribbons, small trophies, certificates, etc – all fine, and all boring. Most are destined for a drawer never to be seen again! But - The Square Golf Ball® breaks the rule and enjoys years of exposure and shelf life, because it is so vastly different and a true conversation piece. With the ability to imprint on multiple sides, and include an image or graphic - The Square Golf Ball® is easily the front runner when it comes to awards and such. Add in the fact that you can order just ONE, and that virtually eliminates all other possible sources for a similar product. Nobody (and we mean NOBODY) else has The Square Golf Ball® - we are the ONLY source on the planet, period. And if by chance you did see another like product – tell us immediately – our legal team is ready to devour anyone who infringes on our very expensive patent! If your event has a first, second and third place (and maybe even a Last Place) – not to worry – we can make individual units specific to your needs. The Square Golf Ball® was initially conceived in 1995 while discussing golf. A poor day of putting spurred a comment by the now inventor about how a square golf ball wouldn't roll past the c^o on the sketch. The idea was filed away with no real pursuit. When the internet found its way into the scene, searching for all types of things became easier and easier. The inventor searched for this square golf ball item believing it must have been thought of before now. Searches went on, and finally in early 2012, after extensive and exhaustive searching, the original concept and name from 1995 came to life and the rest as they say, is history.
