

SQUARE

GOLF BALL

July 25, 2014

Las Vegas Show

The Square Golf Ball will be an exhibitor during the September 17-20, 2014 Gift & Novelty Show held in Las Vegas. Vendors from far and wide are attracted to this show because of the buyers – buyers who are looking for gifts and novelties at tourist destinations. National parks, national monuments, vacation locations, resorts, etc. One element worthy of note is that due to law, US national properties like parks, monuments, etc. must stock at least 50% of their inventory with Made in the USA items. The Square Golf Ball will fit right in, seeing as how this is manufactured in the USA. The Square Golf Ball can be custom imprinted to meet any location, venue or display need. Because The Square Golf Ball is a universally liked and recognized item, and due to its truly unique characteristics, making it a perfect addition to any souvenir shop, regardless of location or visitor make-up. If you are in Las Vegas during the above dates, swing by the convention center and check out booth #147. We won't be hard to miss – for this show we've created a huge Square Golf Ball which will be hoisted up on a 10 foot pole – making The Square Golf Ball easily seen from virtually anywhere within the venue. And for you travelers out there, be sure to stop by the souvenir shops as you sightsee, and look for The Square Golf Ball to begin filling the shelves. And if you don't see it, ask for it!
