The Square Golf Ball Fun Pac

The Square Golf Ball Fun Pac is here. The perfect, unparalleled corporate promotional tool, and also the perfect gift for that someone special. The Fun Pac consists of two regular, regulation golf balls and one Square Golf Ball – a three pack, inside a custom designed sleeve. Each of the three golf balls is custom imprinted. For a company this would probably involve their logo – and for an individual you could add almost any message or perhaps a photo. The Square Golf Ball is not for use in actual play – more for dis-play! And NO MINIMUM ORDER – if you just want one Fun Pac with each unit imprinted “Happy Birthday Uncle Bob” – that is possible. The perfect gift – actual golf balls for the links, and a unique custom Square Golf Ball for the office desk or credenza. Soon this web site will have a new, dedicated navigational link exclusively for the new Fun Pac, containing all details about ordering, prices and shipping. Corporate discounts will be made available for bulk orders. All three balls will have the same imprint. The actual golf balls have a 7/8” available area for imprinting, whereas The Square Golf Ball can use up to 1 3/8”, allowing for a slightly larger image or text message. Where else can you find this unique combination? No other place on planet earth! We are the ONLY place where this Fun Pac three pack is available containing the mix of custom imprinted balls.
